EXPERIENCE

Senior Data Analyst

TechSolutions GmbH

📅 Oct 2024 – Present

📍 Berlin, Germany

- Built and optimized automated SQL pipelines, reducing data processing time by 25%.
- Designed interactive Tableau dashboards for executive stakeholders to track core business KPIs.
- Led a team of 2 junior analysts and established data quality governance standards.

Data Analyst

E-Commerce Corp

📅 Mar 2022 – Sep 2024

📍 Munich, Germany

- Performed A/B testing analysis for website features, contributing to a 12% increase in conversion rate.
- Utilized Python (Pandas, NumPy) to clean and analyze large datasets from multiple marketing channels.
- Created automated weekly performance reports using Google BigQuery.

PROJECTS

Predictive Churn Model

Personal Project

📅 2025

- Developed a machine learning model using Scikit-Learn to predict customer churn with 88% accuracy.
- Deployed the project as a web app using Streamlit.

Automated ETL Pipeline

Open Source

📅 2024

- Built a serverless ETL pipeline using AWS Lambda, Python, and PostgreSQL to scrape and store real-time financial data.

LIFE PHILOSOPHY

"In God we trust, all others must bring data."
